B = Rm 255 obverse: lines 12-23

reverse: lines 24-35

C = K 2211+8636+9168 obverse: lines 1-21

reverse: lines 22-28

d = VAT 17051 obverse: lines 1-18

reverse: end of another text of similar kind
e = BM 47805 (81-11-3, 512) and 48032+35+37+41 (81-11-3, 744+744+744+753)

The last copy, d, in Babylonian script and from Babylon itself, has the Sumerian and Babylonian versions arranged in parallel columns. The two Assyrian copies (A and B are clearly parts of the same tablet) put long lines in interlinear style, but the two versions of short lines are written in one line of script across the tablets.
